

Life Enrichment Surveys

Career / Job

The questions in this survey are designed to facilitate self exploration in the areas of career and job satisfaction. There are no right or wrong, better or worse answers. If you are not currently employed, please answer the questions about your work with previous employment, volunteer, or school experiences.

Using Holistic Coaching™ and the Harmonic Translation System, we will conduct an analysis to identify areas where the energy of your thoughts and emotions may be conflicted or compromised, as well as where this energy is harmonious.

You will receive the results of the assessment, an electronically generated homeopathic remedy to rebalance your energy, insights on the beliefs that block your energy and recommendations for changing beliefs that are self-limiting.

Your survey answers and assessment results will be kept confidential.

Please mail, fax, or return your survey to our offices:
